

Medic Monthly, Nationally Accredited EMS Training

**You've invested your career in your community.
Now, invest your time in your career.**

Education to the Rescue.

As an emergency response professional, you rely on your skills, training, and experience to make fast judgments and take appropriate actions to save lives and property. Kaplan Continuing Education (KCE) offers convenient, online Medic Monthly courses that are valuable not only for meeting licensing requirements, but also for expanding and updating your knowledge and skills to better serve the community that relies on you.

The Medic Monthly nationally accredited EMS training courses provide:

- Case-based learning from real-world medical emergencies
- High-energy streaming video
- Interactive online learning materials
- CECBEMS approved 1.5 CE credit per module

The Kaplan Advantage.

Professional Achievement Made Possible.

- Flexible online classroom available 24/7
- Proprietary academic curriculum
- Personalized support
- Faculty of industry professionals

Your success is our success.

Each course is designed to provide you with the knowledge and skills to advance your career with the highest level of service to your community.
